

# LTC 633: THE ADMINISTRATION OF INTERSCHOLASTIC ATHLETIC PROGRAMS FOR STUDENTS WITH DISABILITIES

*As result of the U. S. Department of Education communication and clarification of Section 504 of the Rehabilitation Act of 1973, each school district is encouraged to include disabled students in school extra curriculum athletic programs. This course content and model plans will provide a guide for school districts to implement opportunities for disabled students to participate at the fullest extent of their abilities. All enrollees will derive strong benefit because the course alerts and educates school and athletic administrators regarding the school district's responsibilities in providing opportunities for disabled students.*
